For Immediate Release

The Mesa County Coroner's Office has completed its examination regarding the death of an infant that died while co-sleeping with an adult due an adult rolling over onto the infant in Grand Junction, CO on March 30, 2014. Please remember that the American Academy of Pediatrics considers co-sleeping with infants an unsafe sleeping practice and recommends placing infants on their backs in separate approved crib or bassinet.

Due to respect of the family no further information will be released.

Thank you,
