For Immediate Release

The Mesa County Coroner's Office has completed its examination regarding the death of Gary Keffer, a 46-year-old male that was a transient in the area. Mr. Keffer was the second man found in the Colorado River the morning of July 17, 2016. Because this is an ongoing investigation, we will not be releasing any further information at this time.

We are still working on locating the next of kin for the first male found on July 17, 2016. Once we make contact, we will release his information at that time.

The law enforcement agency overseeing this investigation is the Mesa County Sheriff's Office. Please contact them for any further details regarding this case.

Thank you,

Victor Yahn, Chief Deputy Coroner
